Victimised National Gallery PCS rep Candy Udwin has won her campaign for reinstatement! This fantastic victory, achieved by a determined campaign of strike action (over 100 days) shows the whole labour movement that it is possible to beat the bosses and stop the Tory assault on jobs and workers' rights. Along with Jeremy Corbyn's stunning victory in the Labour Party leadership campaign, it tells us there is a powerful anti-austerity mood on the march and that when we fight back we can win!

Come to the UCU Left Conference on 10 October. Help build the fightback!
